

## RAIN - BOX CONDENSING R1K COMBI-TECH 25 / 34 KW

Enhanced Noiseless 52 dB

Ø 28 mm

- Condensing wall hung gas boilers, featuring the new ABS casing panels aimed to suit all outdoor conditions, available as 25 and 34 kW's
- Units equipped with an INOX exchanger Ø 28 mm
- Digitech CS main P.C.B.
- Compact size for easier maintenance

COMBI-TECH

Since 1959, Radiant has developed and produced the key components within its facilities. Today, like yesterday, the endless high-tech evolutions are aimed to guarantee a better efficiency and reliability, all 100% made in Italy. The newly introduced COMBI-TECH<sup>®</sup> exchanger, made of stainless steel spirals Ø 28 mm, which guarantees higher efficiency, less head losses and easier cleaning.

Boasting highest possible quality in the marketplace with 55 years of an unparalleled experience and know-how allowed Radiant to produce the stainless steel exchanger, that now features all the condensing boilers from Radiant.

# Technical Specification

Model	R1K 25	RAIN R1K 25	R1K 34	RAIN R1K 34
KW Output	23.5	23.5	34	34
Input MJ/H	99	99	135	135
Temp Range	30-80 / 25-40	30-80 / 25-40	30-80 / 25-40	30-80 / 25-40
Max Working Pressure	3 Bar	3 Bar	3 Bar	3 Bar
Expansion Tank	8 Litre	8 Litre	8 Litre	8 Litre
Power Supply	230 -240 V	230 -240 V	230 -240 V	230 -240 V
Power Consumption	138w	138w	138w	138w
Gas Type	NG / LPG	NG / LPG	NG / LPG	NG / LPG
Thermal Efficiency	97.60%	97.60%	97.60%	97.60%
Flue Size	80 / 125	60	80 / 125	60
